

Why Social Media???

Facebook has more than 500 million active users. 50% of these active users log on to Facebook in any given day, and spend an average of 55 minutes using its services. Facebook users spend much more online than the average internet user. Every month, more than 250 million people engage with Facebook on external websites. There are more than 200 million active users currently accessing Facebook through their mobile devices. Agape Computer Systems Social Media Managers can help you optimize your Facebook Fan Page and engage your targeted audience on Facebook in a way to progressively build a loyal fan base of potential customers.

Twitter now has 105,779,710 registered users. Twitter has become one of the most popular social networking services and has created many business growth opportunities to major companies who have taken their brand marketing from TV and Radio to the internet. With Twitter, what used to cost thousands of dollars a day in advertising with conventional media is now costing little to nothing! We help you engage in successful Twitter marketing.
